

February 20, 2015

Barbara and I want to thank everyone for the outstanding care given to my mom Marie while in residence at what she called the "club".

After her first stay in the winter of 2014/15 she often spoke fondly of that time, so we felt confident when she moved there last July that she would do very well. She enjoyed all the varied activities, good meals and all

---

her new friends.

We were so looking forward to her upcoming 100th birthday party, but alas, that wasn't to be.

The hospice care she received in familiar surroundings was a comfort to her and to us in her last days.

Thank you all again and God bless you.

Sincerely,  
Austin and Barbara  
McGeary
